The Missing IPad

👁 36 ✓ 10 ⭐ 14

Chapter 1 by Holly Laugesen

I opened my eyes that morning and, as I always did, the first thing I grabbed was my IPad. Except, that morning was different. I reached for my IPad but it was not there, but why? I am a gamer, and gamers always have their IPads next to them at all times so that we can have an 'emergency game' if we feel that we need it. So where was my IPad?

Chapter 2 by 14bri27

I reached for my phone that is a back up and is always only an arms length away. I started crying if i didnt find it soon then i might get ISD (Ipad Separtaion Disorder)

Chapter 3 by Cora Aquila

Luckily, when I located the phone, it struck me: the Find My IPad thingy!

I thumbed through the settings of my phone and activated the thingy. A map popped in the screen and almost immediately a red dot appeared, which was supposed to show where the hell my iPad was.

Except the little dot was indicating a location somewhere in the middle of the North Pole!

Chapter 4 by OrangeElephant

But who goes to the North Pole? Nobody lives there. Or do they? Then the truth struck me.

So then I traveled to the North Pole to get my IPad back from the old fat man. So when I arrived at the North Pole, I found a reindeer and I thought of the bright idea to ride a reindeer to get a picture for Instagram. So I put my IPhone on a stump and put it on a self-taking timer. So I hoped on Rudolph's cousin and I got the picture. So after I picked up my phone, I went to the door os Santa's house and I broke the door down, demanding that the fat man give me my IPad back.

Chapter 6 by _Unknown_

"WHERE'S MY IPAD?" I shouted as soon as I got inside. I regretted that the second after I said it. I saw Santa and a big line of little kids. Santa was zapping them all, one by one, with this weird little gun thing. The first kid I saw turned into an elf. The second kid I saw turned into a toy. He turned around after he heard me.

"What did you say, little child? IPad? What IPad?" he said as he motioned to a big table. I ran to that table and saw over a hundred iPads there.

"No... No... NO!" I yelled as I burst into tears. "MY IPAD!!!" I turned around and saw that Santa was pointing his gun at me.

"LEAVE NOW, OR BE TURNED INTO AN ELF!!!" he screamed as I backed away slowly.

"C'mon child, I'm warnin' ya... DON'T MAKE ME DO IT!!!" he screamed again. I grabbed the first iPad that I saw and ran out of the building. Right when I got outside, I saw a big zap of light barely miss me by an inch. I ran for my life. I reached a reindeer, hopped onto his back, and we started flying away. As we were flying, I turned on the iPad, but there was a password. I tried putting my own password: 9, 0, 4, 1. It didn't work. I was almost about to burst into tears again.

"NO!" I screamed as I got very frustrated. I tried again with the numbers: 1, 2, 3, 4. It worked!

"YESSSSSSSS!!!!!!" I screamed at the top of my lungs. I looked to see if it was mine, which I doubted but hoped it would be. It looked a little familiar, but I memorized everything on my iPad and knew it couldn't be mine.

I realized we were flying right over an ocean. I started to feel very nervous because I didn't want to fall or drop the iPad. The reindeer suddenly went VERY fast.

"AAAAAHHHHHH!!!!!!" I yelled. This was not a very great experience. The iPad started sliding out of my hands.
